Bids Opened For AHS;  
School Needed by 1959Register To Vote  
Before Tuesday

Registration of voters for the annual Town Election March 3, ends Tuesday. Town Clerk James J. Golden said yesterday that his office will be open from 9 a.m. until 10 p.m. Tuesday for registration.

Residents may register tonight at the Highland Fire Station and the Hardy school. Golden said that response to the evening sessions has been "very poor."

"It seems a shame," he said. "Buildings are heated, registrars give up their evening hours, and only two or three residents show up to register."

## Dog Stolen

Police are investigating the theft of a boxer dog worth more than \$400 this week. Charles Collins, 4 Daniels st., reported to police that a man about 35 years old and wearing a visored cap stole the two-and-a-half year old dog Tuesday.

Collins said that the man drove up beside the dog, enticed him into the car, and drove away.

The dog is fawn and white colored and answers to the name of "Peb".

After two long and disappointing years, the opening of bids for the construction of the Arlington High School Addition went without a hitch here Thursday night.

The bids of five companies were below the \$1,300,000 available for the construction of the addition.

The Poorvu Construction Company of Wellesley was low bidder with \$1,262,800. Next lowest was the Charles Logue Building Company with \$1,263,488.

Four other firms bid for the job.

Town officials are now studying the financial qualifications of the bidders before awarding the contract.

The opening literally brought sighs of relief from the Building Committee.

Once before, general contract bids were opened, and all bids were too high. This led to a lengthy study to change the plans.

The Committee had already inserted a "safety" article in the Warrant for the coming Town Meeting in case bids were too high.

Speculation was that, if the Committee needed more money, the matter would resolve itself into a bitter battle on the Town Meeting floor.

Now that bids have been opened, and seem to be in order, Superintendent of

\$400,000 In 'Free Cash'  
Available To Help Tax RateMirak Appointed  
To State Board

John Mirak of Arlington, owner of Mirak Chevrolet, has been appointed to the newly created Massachusetts general scholarship board by Gov. Foster Furcolo, it was announced this week.

The Board was set up by the Legislature to handle a \$100,000-a-year state scholarship program.

Also appointed to the seven man Board by the Governor is President Harold C. Case of Boston University.

Serving with Mirak on the important Board are Harold C. Case, president of Boston University, Rev. Vincent McQuade, president of Merrimac College, Dr. Owen B. Kieran, state commissioner of education, Dr. J. Paul Mathier, president of the University of Massachusetts, Daniel E. O'Leary, president of Lowell State Teachers College, and many other high ranking educational authorities.

A compromise between the Finance Committee and the Board of Selectmen will mean that \$400,000 can be set aside to help reduce the tax rate. it was learned yesterday.

The \$400,000 will be taken from "free cash", if voted by the Town Meeting.

The Finance Committee will make a final recommendation at Town Meeting.

According to Herman B. Dine, director of accounts for the Massachusetts Department of Corporations and Taxes, "free cash" in Arlington amounts to \$892,023.87.

"Free cash" is the amount of money in the Excess and Deficiency fund, minus unpaid taxes plus unappropriated funds.

The compromise between the Finance Committee and the Selectmen came about when the Finance Committee notified the Selectmen that it would ask \$350,000 be set aside to help the tax rate.

The Selectmen felt that \$450,000 should be set aside. The two finally compromised at \$400,000 as a maximum figure.

In addition, the Finance Committee will ask the Town Meeting to approve a new stabilization fund, from which funds may be taken for any municipal project on which money may be borrowed.

It is thought that \$200,000 from the "free cash" will be transferred to this fund towards the eventual building of an incinerator.

Just how much the \$400,000 will help the tax rate is debatable.

The figure is \$150,000 more than was taken last year. But Personnel Board articles, (Continued on Page 13)

## MDC Rink Draws Ire Of Neighbors

Plan Candidates Night  
For School Aspirants

A School Committee Candidates Night, sponsored by the Arlington PTA Council will be held tonight at Library Hall at 8 p.m.

Council officials said that the meeting is open to the general public.

Refreshments will be served by the Hospitality Committee under the direction of Mrs. Beatrice Rogers.

The brand new MDC Skating Rink on the Concord Turnpike came under fire this week when Thomas R. Rawson, chairman of the Board of Selectmen said that many residents had complained to him.

Rawson said that complaints included the cost of entrance to the rink, as well as costs at the concession there.

Rawson also said that he had received complaints regarding the music at the rink. Rawson suggested that the MDC be asked to lower the tone of the music so as not to disturb nearby residents.

Still another complaint was that no parking area has been provided and that skaters are parking their cars on Lake street and in Kelwyn Manor.

Selectmen Consider  
Underground Wiring

The Selectmen held a hearing for the laying of Edison and Telephone Company wires underground on Massachusetts ave., from Highland to School st., Monday night.

Abutters, and Edison and Telephone representatives discussed the matter at length.

The home owner will pay the cost of installation from within two feet of the property line to his house and will also have to pay interior expenses in the changeover if approved.

Five years of devoted interest in teaching the fundamentals of bait casting to the members of the Arlington Boys' Club paid off for Thurman Chandler, at the New England Bait Casting Tournament, held at the Sportsmen Show during the past weekend.

Twelve of Chandler's proteges were entered in the competition along with 25 representatives from Farmington, Maine where bait casting is taught in the school system, plus many entrees from all over New England.

Seven Arlington Boys' Club boys qualified in Saturday's qualifying round and the results of the final which were held on Sunday are:

Teen-Age Bait Casting, 1st place—Allan Howard, 2nd—Chris Lewis and 3rd—James Shangle, all members of Chandler's Boys' Club team.

Novice Bait Casting—2nd place—Ted Latty and 3rd—Billy Green also representatives of the Arlington Boys' Club.

Out of a possible nine Bait Casting Trophies, members of the Boys' Club proudly brought five of them back to the clubhouse.

Boys who were also entered but did not qualify were—Stuart Belden, last years Teen-Age Champion, Tim Mahoney who placed 4th in the Expert Class, and Novices Bobby Schumaker, Bobby McGaughey, Bryce and Fred Perry and Francis Morey.

An interesting story in conjunction with the tournament was made by Francis Morey, a 9-year old, made two attractive ashtrays in the Club Ceramics Class.

He presented one of them to Ted Williams.

Ted informed Pat Harty, Boston Globe fish and game editor of the kind gesture.

Ted then reciprocated and gave Francis one of his bait casting rods.

Francis presented the other ashtray to Bud Hill, the man who originated these Bait Casting Tournaments and who has worked devotedly for several years to make them successful.

Members of the Arlington Boys' Club Board of Directors observed two very exciting basketball games at the Boston Garden last week.

In the first game, the Boys' Club Jr. Varsity team defeated a strong DeMar Club from Cambridge by the score of 54 to 39.

Outstanding Boys' Club players were Bob Constantino, Jay Donovan, Jack Sefton and Larry Gray.

In the second game, the Board Members saw history made as the Boston Celtics and especially Bob Cousy battled back in the last half to defeat St. Louis by a 111 to 101 margin.

Tickets for the Father and Son Dinner scheduled for Monday, Feb. 24, are about half gone and parents have been urged to purchase them immediately.

Movies are back on the program again this Friday, Feb. 7, at 7 p.m. The feature film is "The Man from Oklahoma."

## SPORTS

### AHS Hockey Team Upsets Melrose

### Two HS Runners Place In State

Arlington high school trackmen competing in the annual state track competition scored a total of six points, taking second in the mile and fourth in the 300.

Stan Hutchinson, running in the mile, took second place in 4:43.5 only three seconds behind the winner.

Speedy Paul Bicknell dashed the 300 in 34.3 seconds. His time was only four tenths of a second behind the winner.

In the qualifying heat Paul grabbed first place honors with a time of 34 seconds flat.

This Saturday, Arlington will face a tough Natick squad at the Armory.

### SAINTS STAR

Husky Ed Morrison (above) has been one of the defensive standouts for the skaters of St. Lawrence University this season. The six-foot 185-pound senior from Arlington was instrumental in the Skating Saints' fine performance against Boston University, Boston College, and Harvard in Boston in December.

Ed's hard shot from the blue line and his ability to break-up the opposition's offensive plays make him one of the most valuable hockey players on the SLC squad.

His aggressive play has made him the Saints' most penalized player.

Morrison has spent 20 minutes in the penalty box and has six points on three goals and three assists.

Ed is the son of Mr. and Mrs. Edward Morrison. 94 Coolidge rd.

Reversing the decision of the previous week, the Arlington high school hockey team registered one of the top upsets of the season Saturday, dumping previously undefeated Melrose 2-0.

John Wilson put the Red and Gray in front with a sparkling solo effort and Bill Collins provided an insurance goal late in the second period.

Wilson's first period tally followed a Melrose rush. Melrose defenseman Dick Traill took possession in the Arlington zone.

Wilson, hustling all the way, stole the puck from Traill and soloed in. He beat Goalie Glen Crosby from about ten feet out.

Exhibiting the drive which they seemed to lack a week earlier, Coach Eddie Burns' charges kept the league-leaders off balance throughout.

AHS net minder, Tommy Apprille turned in another fine performance turning aside 20 Melrose shots.

Collins' clincher came at the seven minute mark of the second period. Shots by Paul Aiken and Charlie Chisholm were turned back by Crosby.

But the puck bounced in front of the cage and the alert Collins poked it into the cords.

The victory pulled Arlington within one point of second place, currently occupied by Cambridge Latin and Newton.

The locals will face off against the scrappy Cantabs Saturday at 1 p.m.

The teams battled to a 2-2 tie in their first meeting.

### Legion Wins Two

Scoring 16 points in the second half, Warren Pierce led the Junior Legion Basketball team to its fifth win by nipping the Boys Club 43 to 41.

Pierce ran his season scoring total up to 216 points. Constantino excelled for the Boys Club with 16 points.

The win put the Legion team to within a game and a half of first place in the Park League Race.

### Red & Gray Five Drops Two Tilts

The fortunes of the Arlington high school basketball team took a decided turn for the worse this week as Brookline and Waltham avenged early season defeats by decisively trouncing the Red and Gray.

A cold third period told the story at Brookline Tuesday.

The Townies romped to a 61-49 victory. During the nightmarish third stanza, Brookline poured in 22 points while Arlington netted only three buckets.

Coach George Lowder's charges piled up 19 points in the fourth period but were unable to overcome the tremendous margin.

Bob Mattola paced AHS with 15 points.

Friday evening at the Junior High West, Waltham romped to a 64-36 victory.

Waltham jumped to a 20-12 lead in the first period as Jim Ballas scored ten of his ultimate 18 points.

Again it was a cold third period which put the locals in the deep freeze.

Bill Scully was the lone Arlington player to reach double figures. He had ten points while Dave Gilpatrick came up with nine points.

### Little League Ready

Gerald Bartholomew, president of the Arlington Little League announced today that Arlington's franchise's for 1958 season have been accepted by the National Headquarters in Williamsport, Pennsylvania.

Arlington rolls into its eighth consecutive season, and according to Gerry, baseball is just around the corner.

Bartholomew also stated that National Headquarters has streamlined all of the districts in the state, and also throughout the entire country.

The main purpose for re-districting is to cut travel time during tournament play, and also to create more districts for better representation at the National Congress.

Gerry continued with the fact that Arlington is now in District 13 which is composed of teams from Medford, Winchester, Belmont and Watertown.

He further stated that in behalf of the Arlington Little League, he would like to extend his thanks to Wm. B. Houser, of the Houser Linoleum Company, for sponsoring a team in the Northern League for the past six years.

## LWV Plans Discussion Of Educational Issues

Educational issues of considerable community interest will be aired by the League of Women Voters next week and the results of a survey related to current educational needs will be made known.

According to Mrs. John Kossak, chairman of the League's Educational Committee, the survey was begun by the League in September 1957 to determine many things that might shed light on educational needs today.

"Since the process of education and the methods by

which we learn are constantly changing and growing, there is always considerable controversy as to how much should be administered at a given time and a given place.

The answers are not always easy to determine nor are they easy to accomplish."

Under the direction of Mrs. Kossak, the Education Committee sent questionnaires to towns in the greater Boston area and also to some nearby cities.

Information was sought regarding the length of the school day, the extent of planned extracurricular activities and the gifted child. The questionnaires were filled out and returned and the results correlated. These will be discussed at three meetings next week.

A general meeting, open to the public, will be held Tuesday, Feb. 11, at 7:45 p.m. in Library Hall.

It will be a forum type of meeting with open discussion between audience and panel after the survey is presented.

The panel will consist of members of the Education Committee and includes Mrs. David Mann, Mrs. Ben Cole, Mrs. Lee Burchstead, Mrs. Lester Klein and Mrs. Kossak.

Two units will be held, one on Tuesday, February 11, at 9:45 a.m., at the home of Mrs. George T. Critz, 412 Mystic st. Mrs. Critz will act as discussion leader.

Mrs. Peter Bertocci, 243 Park ave., will be hostess to the unit meeting Thursday evening Feb. 14, at 7:45 p.m. Mrs. George Blackwood will be discussion leader.

## Community Auditorium

After long months of misery, disappointments, storms and squalls, joy now abounds!

On Thursday night, bids for the additions to the high school were opened and found to be well within the appropriation. With an allowance of around \$150,000 for furnishings, officials felt that bids much over \$1,300,000 would mean an additional appropriation.

The mere thought of going back to the Town Meeting for more funds caused violent shudders. Now, it appears that there could be a comfortable margin of thirty or forty thousand dollars.

We strongly urge, here and now, that the building committee earmark this surplus for the benefit of the adult residents. Two or three per cent of the entire appropriation is not an exorbitant demand, certainly.

We are convinced that the reason this project has had such a rough road—from preliminary plans, through the sifting and sorting of ideas and needs—is because our high school building has never been a community one.

We attended, even participated in, the dedication of the George Lowe auditorium wing. Bands played, flags and bunting waved, great was the oratory, and huge the multitude. The Town was proud of this monument, built in spite of the Depression.

Perhaps due to the Fates, perhaps due to errors of human judgement, all this soon turned into a shattered dream.

The huge unfinished, unheatable auditorium was nothing but a barn, for the most part not even used for its original purpose. The townspeople lost their anticipated "home" for big community events and celebrations. Even graduations were and still are held outdoors in the cold, wind and drizzle or postponed night after night.

This community needs a central auditorium, well-appointed for festivals, dramas, spectacles, benefit minstrel shows, and celebrations. A meeting place for combined organizations and their joint projects.

The stage of the Town Hall is two narrow, lacks depth and has almost no appointments. Also, it is—as it should be—involved in Town affairs such as Town Meetings, large hearings, special Town Meetings and the like.

The chairs are leftovers from the Inquisition. The balcony is creaky and noisy. The acoustics, except for the artificial public address system, are horrible.

Community events help weld a community. Further, such an auditorium would cause the residents to feel a welcomed part of the school and the school a vital part of the entire town. Pomp and circumstance has its desirable function, witness the millions cheerfully donated to it by the English to their Crown, and Americans to their government buildings, embassies, monuments, the U. N. building and the like.

Year after year our community calendar is about as drab and lacking in lustre as one could imagine or devise—and, we fear, so is our community spirit!

The high school addition committee has the means to lay the physical foundation for a long, needed cure—a community auditorium, fully appointed and usable.

## A 3-Fingered Salute

Tomorrow begins the national and international observance of Scouting. We wish to raise our hand in three-fingered salute!

A lad that says to himself, "I want to be a scout" is, in truth, saying, "I want to be a better, junior citizen; I wish to lift myself, by my own efforts, a bit higher."

However, Scouting would not be possible without the hopes and ideals of the founders of the movement and their present-day disciples—the troop leaders, councilmen, and committeemen. Another salute to them!

Unfortunately, there are far too few. This town is large enough to have three, five or ten more troops and their younger counterpart—Cub Packs.

The kids are here and willing. Leaders are few and lacking.

### TO THE VOTERS:

It's always been a mystery to me how all the candidates could have belonged to so many organizations; graduated from so many schools, and done so many wondrous things for everybody, and still remain in the position of having to spend a whole campaign telling you who they are.

## That Man About Town

By MAI

Frankly, we are puzzled. On the surface, the annual election in March has a potential of being an exciting and important event. So far, it has not raised a ripple.

We wonder whether the present quietude is synthetic-planned.

A quiet campaign is a legitimate device: avoid issues, but, in the meantime, work hard; locking horns with the opposition is apt to cause a free-for-all. And who can control a street brawl?

This strategy is practically fool proof, except for one thing: it's all wrong!

In recent years, two of the best run campaigns, in our opinion, were those of Rep.

John P. Buckley and David Ashton. Buckley topped the then Representative Henry E. Keenan in the primaries and then went on to win, handily the first time out. The other was that of David Ashton for School Committee. Ashton topped the whole shebang, incumbents and all, even though running for the first time.

These were not noisy campaigns but they were not exactly quiet ones either.

As we hear it, the Town Manager will seek a \$1,000 raise in pay at the annual Town Meeting. His current pay is \$15,000 per annum.

As of the Advocate, zip guns have come to Arlington!

### Trinity Baptist Class Meets Sunday Night

He also serves as a "Dad" in the order of DeMolay for boys.

Presho in his discussion will endeavor to show that fraternal orders and the church are not in opposition to each other but are a natural supplement to each other in the well rounded life of the average American man.

The musical service of the class will be under the direction of the vice-president, Robert MacFarlane.

President Rene Arnaud will announce the standing of the teams in the attendance and membership contest now challenging the efforts of its members.

### Zonta Club Notes

The dinner meeting of the Zonta Club was held at the Winchester Country club, Jan. 23.

Mrs. Helen Rose, an Emerson college graduate, was the speaker. Her topic was, "How the Robbins Speech and Hearing Clinic Operates."

Mrs. Rose, a forceful speaker, told of the desperate need in the field of rehabilitation in speech pathology outside institutions. She cited several case histories from the clinic at Emerson College and presented the following facts:

1. About 10% of all children and adults in our country have problems in speech or hearing or both, which are now or may become social and vocational handicaps.
2. There is a national shortage of professional personnel in this field.
3. Locally there is a shortage of adequate facilities for the speech and hearing handicapped.
4. Rehabilitation for employment is not only an investment in our democratic way of life, but also a means of relieving the average citizen of the heavy financial responsibilities through taxation of supporting the vocationally handicapped. It therefore becomes a measure that does far more than pay itself; it saves the state and the nation vast sums of money.

Mrs. Rose said, "Our Speech and Hearing Clinic, serves a two-fold purpose. Not only is it a treatment center where all are admitted regardless of ability to pay, but it is also a training center for speech therapists whose services are greatly needed throughout the country."

During the question period it was disclosed that there are 500 pupils in local schools who are under the guidance of Stanley Bates of the clinic teaching staff.

Mrs. Rose said, "Our Speech and Hearing Clinic, serves a two-fold purpose. Not only is it a treatment center where all are admitted regardless of ability to pay, but it is also a training center for speech therapists whose services are greatly needed throughout the country."

**RACING AT FAIRS** — Although the Massachusetts Farm Bureau Federation and Bay State Grange, through a petition filed by Sen. Silvio O. Conte (R) of Pittsfield, asked that pari mutuel racing licenses be awarded to fairs that have been operating more than five years, sharp opposition was registered by former Sen. Joseph L. Murphy of Dorchester, on behalf of the Hancock Fair, and by officials of the Marshfield and Middleboro Fairs.

**BARNSTABLE TEACHERS' COLLEGE** — The Selectmen of all Cape Cod towns voted unanimously in favor of letting the commonwealth take back for an annual one-dollar rental the school property at Hyannis to re-establish the Barnstable Teachers' College, the Committee on Education was told.

**OTHER STATE TEACHERS' COLLEGE** — A petition by Rep. Thomas C. Wojtowski (D) of Pittsfield, to establish a supervisory council for each of the State Teachers' colleges was opposed by the Dept. of Education. Dr. Justin McCarthy, director of the division of state teachers' colleges, told the Committee on Education that "the present set up is entirely satisfactory."

**LOWELL GIRLS' DORMITORY** — Stating that the Lowell Teachers' College is the only one of its kind in Massachusetts majoring in music, officials of that institution asked the Committee on Education to approve funds to erect a girls' dormitory.

**FACTORY REGISTRATION DEATED** — A roll call vote of 18 to 20 defeated the factory registration bill in the Senate. The vote was taken as against a third reading of the bill.

**TAXPAYERS TAPPED** — Brochures to accelerate a multi-million dollar recreational bill were issued by the office of Gov. Furcolo—minus the usual "legend of approval" of the Commission on Administration and Finance. In the Dept. of Natural Resources there was no one available to say whether or not approval of the commission had been given for the publication.

**WATER SHORTAGE** — Despite one of the wettest Januaries on record, Ralph Soule, an engineer in the Dept. of Public Utilities, told the Committee on Water Supply that 15 communities are in critical condition, due to a water shortage and that many others are exercising their emergency water supplies.

**VETERANS' COSTS** — Commission Charles N. Collatos of the Office of Veterans' Services ordered all city and town veterans' agents to crackdown on excessive doctors and medication costs. Commissioner Collatos cited New Bedford as an outstanding example of excessive costs, stating that a sum of \$35,538 had been paid in 1957 for 12,189; in Fall River the cost was \$2,655 for 11,109 veterans.

**\$2,000,000,000 HWGY. BILL SIGNED** — Gov. Furcolo signed the bill authorizing the borrowing of Federal grants by means of short-term notes in anticipation of receipt of Federal highway funds. The governor's signature provides the uninterrupted continuance of the state \$200,000,000 highway program.

**ATOMIC DISASTER LEGISLATION** — Associate Dean Livingston Hall of Harvard Law School and Atty. James Perkins of State st., Boston, asked the Committee on Legal Affairs to approve a bill, filed on their behalf, to safeguard the affairs of individuals in the event their agents (banks, trusts, lawyers) are destroyed by atomic warfare. The bill would also protect the authority of such agents in the event their clients are killed during atomic warfare.

**SCIENCE** — Rep. Alfred R. Voke (D) of Chelsea lost a bid to keep alive legislation which would have the state reimburse cities and towns for \$1,000 of the salary paid teachers of science through grades 7 to high school senior and before the bill was killed in the House he said that by increasing salaries of science teachers more students and more teachers would remain in the field of science.

**DIGHTON ROCK** — The Senate has killed legislation providing for a study of conditions surrounding state acquisition of land at Dighton Rock in Berkeley.

### THANKS SIGNERS

To the Editor: I wish to express my sincere thanks and appreciation to those who advocated my candidacy and signed my nomination papers in good faith.

The weather also conspired to limit my activities in obtaining signatures with the result that although a sufficient total number were obtained, I still lacked by a few the number of valid signatures necessary to qualify as a candidate.

**CHRISTIAN SCIENCE**  
Today's need for proofs rather than professions of divine power will be emphasized at Christian Science services Sunday in the Lesson-Sermon entitled "Spirit."

Selections to be read from the Bible include the following promise of Christ Jesus (John 14:12): "Verily, verily, I say unto you, He that believeth on me, the works that I do shall he do also; and greater works than these shall he do; because I go unto my Father."

From "Science and Health with Key to the Scriptures" by Mary Baker Eddy the following will be read (233:1): "Every day makes its demands upon us for higher proofs rather than professions of Christian power. These proofs consist solely in the destruction of sin, sickness, and death by the power of Spirit, as Jesus destroyed them. This is an element of progress, and progress is the law of God, whose law demands of us only what we can certainly fulfill."

**Harris Tells Of Fatal Ship Fire After Cruise On Navy Destroyer**

**EXCITING CRUISE . . . George Harris discusses the fatal ship fire with Capt. Maddix of the USS Kennedy.**

The story of a raging fire which killed one sailor and threatened the lives of the entire crew was told by George A. Harris of Cedar ave., on his return from a Navy cruise last week.

Harris, an Arlington Selectman, was making the trip on invitation of the Secretary of the Navy and Capt. John Maddix, captain of the USS Joseph P. Kennedy.

Harris was the only civilian aboard.

The trip was scheduled to be a twelve-day cruise.

Ten days out, an explosion in the boiler room started the fire. Firefighters battled the blaze for over an hour. One sailor died in the blast and the ship was damaged so badly that it left the Fleet and limped into port.

Highlights of the cruise according to Harris were many. He was especially impressed with refueling operations in heavy seas.

Another exciting adventure for Harris was being transferred from the Kennedy to the Carrier Saratoga by means of the high wire.

## Elect Mrs. Yood Head Of Arlington Girl Scouts

"We must grow up or we shall blow up, there is no time for any books but the best books, no time for any ideas but the best ideas," Dr. Francis W. Thompson told Arlington Girl Scout leaders and Council members at their annual meeting on Tuesday morning (January 28th.)

"As our world gets smaller our problems get bigger," he continued. "We must learn to play international musical chairs and learn to sit in others' places. Teaching young people to live together, work and play together, is one of the greatest values of Scouting."

Dr. Thompson, who has spent his life in the field of education is now Pastor of the First Baptist Church of Arlington.

The meeting was held in Robbins Library Hall with Mrs. Alfred Yood presiding.

Mrs. Joseph Lopez read the annual report in the absence of Mrs. C. F. Collins, secretary of the Council.

Also elected were Mrs. C. F. Collins, sec., Mrs. Frederick Hill, treas., and Mrs. Charles Pierce, asst. treas. Board members named were Mrs. Ehrlich Schrieter, Mrs. Milton Anderson, Mrs.

We can't  
lace our  
baby's shoes  
tight enough  
to make  
them look  
right.

The solution of this common problem is important because the normal action of babies feet should not be restricted by a leather corset.

From the first time they pull themselves up, most babies go all the way. They seem to enjoy standing on the balls of their feet. A common tendency of this kind is not learned so it must be inherited. If it is inherited it probably serves a good purpose and, if we are wise, we are careful not to interfere with Nature's plan.

Among the hundreds of brands of shoes and thousands of sizes there should be a pair to fit every pair of feet but I have seen some that stumped me. The parents don't appreciate it but I recommend slipper sox rather than inadequate shoes. The sox stretch better.

## Gas Company Seeking Mrs. America Of 1958

The next Mrs. America is going to come from Massachusetts. That is, if your Gas Company has its way—and if the lady who likes homemaking and excels in it fills in her entry blank—which she will find available at her Local Gas Office.

The Mrs. America Contest to discover America's No. 1 homemaker, is sponsored by the American Gas Association and member companies throughout the United States.

It is open to any married woman, 21 years or older, a citizen of the United States and a resident of Massachusetts for three consecutive months.

It is not a beauty contest but personal charm, good grooming and attractiveness are as important as being a good cook and home manager.

Besides the honor of being queen of all American homemakers for one year—many valuable prizes will come to Mrs. America—an all-gas kitchen and laundry; a \$6000 Esther Williams swimming pool; \$1000 worth of Gorham sterling silver; an all-expense paid trip to Hawaii via Northeast Airlines for herself and husband besides two wonderful weeks in Fort Lauderdale, Florida.

Still other prizes include a new Singer Slant-O-Matic sewing machine; deluxe assortment of utensils and giftware from West Bend Aluminum Company; a complete supply of Standard Brands foods; a year's supply of Wilson meat products; a year's supply of Toni cosmetics and a \$2000 oil portrait of Mrs. America and her children by the famous painter of children, Paul Ortlip.

If your application is accepted by the judges you will be notified by your Local Gas Company.

They will set a date on which you will be tested on meal planning, actual cooking of a full meal, sewing and a table setting quiz.

If you win in this semi-final contest you will compete for the honor of Mrs. Massachusetts at the State finals to be held April 29, at the Home Furnishing Show, Commonwealth Armory, Allston.
